RECYCLING INITIATIVES

Recycling Update: Effective January 1, 2026, Miller Waste Systems (MWS) will take over residential recycling collection in the Town. This change is part of a provincial initiative aimed at creating a more consistent and efficient recycling system across Ontario. Recycling routes will remain the same, and materials should continue to be placed at the curb by 7 AM as daily collection times will be set by MWS. For any recycling related inquiries, complaints, or concerns, please contact Miller Waste Systems at 1-888-852-2374 or area2@millerwaste.ca.

Garbage: Residents can set out two complimentary garbage bags per week without garbage tags. Additional bags require one garbage tag per bag, and must be affixed to the bag. Garbage tags are \$3 each and can be purchased at Town Hall or at Your Independent Grocer customer service. Garbage must be set out by 7 AM on your scheduled collection day. Please ensure bag weight is less than 50lbs/23kgs.

Household Hazardous Waste: Hazardous waste can be taken to the Household Hazardous Waste Site at 128 Patterson Crescent, Carleton Place. The site is open on Saturday from 8 AM – 12 PM between May 16, 2026 and September 5, 2026. Visit smithsfalls.ca/hhw to view a list of acceptable materials. This is a free service to all Smiths Falls residents. You are required to show identification and proof of residency.

Construction Waste: The Town does not collect construction waste. The closest approved collection facility for construction waste is Glenview Iron & Metal (613-283-5230). The REAL Deal Reuse Store (613-283-7999) accepts good quality drywall, lumber and other construction materials.

Large Items: Large items require 2 garbage tags per item and must be set out on your regular scheduled collection day. Large items include furniture and household items (not metal goods) that do not fit in a garbage bag. The town will pick up a maximum of two large items at the curb on your collection day. Should you have more than two items then you must call Town Hall to discuss placement.

Swap Days: Swap Days are on the third weekend of May and August. Place your “good condition” used items at the back of curb or sidewalk to give away starting on Friday. If there are no takers, please be sure to remove your items by Sunday at noon.

For more information, visit smithsfalls.ca/recycling

Containers One Week
(Yellow/Black Box)

Fibres One Week
(Blue Box)

Garbage Every Week

Electronic Waste: Electronic waste items can be recycled at:
Apollo Computers, 3 Russell Street West, 613-284-2446
REAL Deal Reuse Store, 85 William Street West, 613-283-7999

Tire Disposal: A provincial program now places the responsibility of used tire disposal onto the manufacturers and importers of tires. Residents can contact local tire dealerships to determine if they recycle tires.

Paint Disposal: Disposal of empty dry paint cans can go into your yellow/black recycling bin with the lid off. Partially used paint cans can go to Rona (136 Lombard Street) or disposed of at the Household Hazardous Waste site.

Yard Waste & Brush Collection (Spring and Fall): Collection of brush, leaves and grass clippings (yard waste) will take place the second week of May and the third week of November. All yard waste must be placed in brown compostable paper bags and be free from any garbage. Brush must be neatly bundled with no branches larger than 4 inches (10 cm) in diameter.

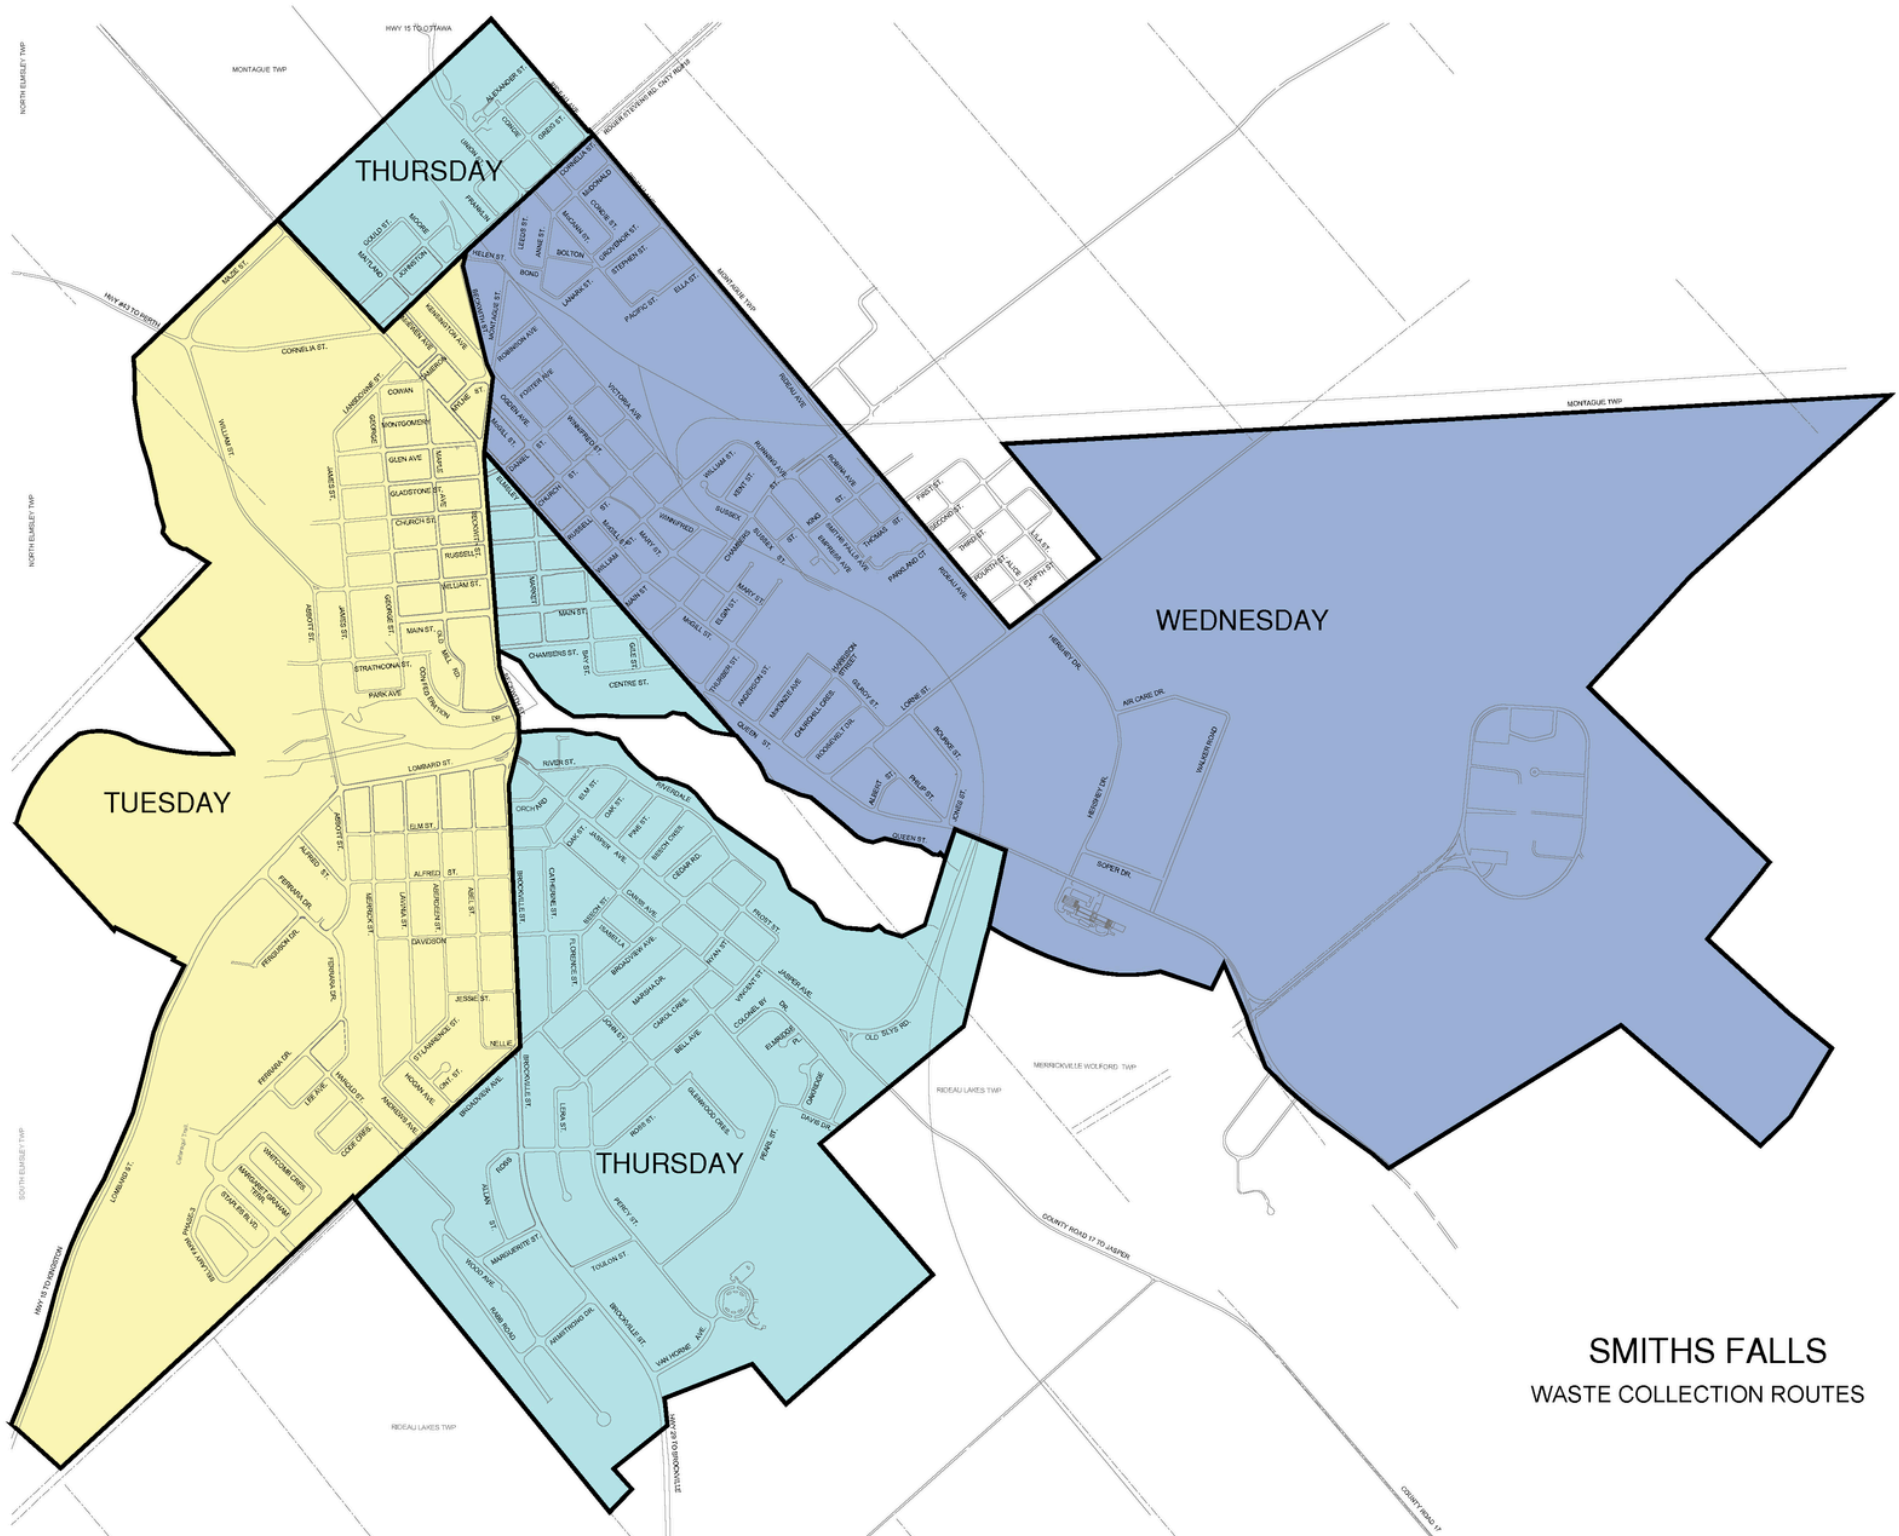

Composting: The Town operates a Compost Site located at 3514 Highway 43 (east of Hillcrest Cemetery). The Compost Site is open on:

- Saturday from 8 AM - 4 PM from May 9, 2026 - November 28, 2026
- Wednesday from 9 AM – 3 PM from May 13, 2026 - June 24, 2026

Acceptable materials include leaves, brush and yard waste. All leaves must be in brown paper bags and free from garbage. No branches larger than 4 inches (10 cm) in diameter will be accepted. Food and kitchen waste are not accepted at this facility. Backyard composters are available for purchase at Town Hall.

Metal Goods Pick Up: The Town collects metal goods on the last Friday of each month (unless otherwise noted on the calendar). Metal goods must be set out by 7 AM on collection day. Metal goods include but are not limited to fridges/ freezers, washers/dryers, stoves, and dishwashers. Fridges and freezers must have a Freon Free sticker. Please contact the Town to inform them of your item(s) for pick up.

Household Batteries: The Town of Smiths Falls and the Smiths Falls Public Library accept household batteries.

Development Services: If you are planning a construction project, we are here to help. For renovations to your home or business that change the use of the building or change the structure, or for new builds, you may require a building permit. Email us at building@smithsfalls.ca for assistance. For information on the land use planning process, including changing the zoning of your property, subdividing your property or applying for site plan approval, visit smithsfalls.ca/planning.

 **Water Valve and Hydrant Operations:** From April to October Water Distribution Staff complete maintenance activities that include water valve and hydrant operations. Hydrants are used to flush the watermains and to verify proper operation of the hydrants. Fluctuations in water colour and pressure may temporarily occur but are not a water quality concern. Flush coloured water by turning on the cold water tap until the water runs clear.
